Important Questions	Answers	Why This Matters:
What is the overall deductible?	$0	See the Common Medical Events chart below for your costs for services this plan covers.
Are there services covered before you meet your deductible?	Yes.	This plan does not have a deductible. See the chart starting on page 2 for other costs for services this plan covers. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/. Includes ACA preventive care requirements http://www.ncsl.org/research/health/american-health-benefit-exchanges-b.aspx
Are there other deductibles for specific services?	No.	There are no other deductibles for specific services. See the chart starting on page 2 for other costs for services this plan covers.
What is the out-of-pocket limit for this plan?	For network providers $4,500 individual/$9,000 family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. Copays and coinsurance amount that you pay for covered services applies towards your annual maximum out-of-pocket expense.
What is not included in the out-of-pocket limit?	Copayments for certain services, premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out–of–pocket limit.
Will you pay less if you use a network provider?	Yes. See Valley Health Plan Provider Search or call 1-888-421-8444 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	Yes.	A written referral is needed to see a specialist for covered services with the exception of self-referral to Plan OB/GYNs.
